The deadline for obtaining 1972 auto tags has been extended until November 15 without penalty according to Fred Curet, Hancock County Sheriff and Tax Collector. However, all truck tags must have been purchased by November 1.

Sheriff Curet asked that car owners obtain their tags as soon as possible.

## Acting Director Named For Data Buoy Center

Commander Peter A. Morrill, USCG, has been designated as Acting Director of the National Data Buoy Center by Rear Admiral Don A. Jones, Director of National Ocean Survey of the Department of Commerce, National Oceanic and Atmospheric Administration (NOAA). This action is effective on November 1, 1971 when the present Director, Captain Virgil W. Rinehart, USCG, retires. This new assignment is in addition to Commander Morrill's present assignment as Deputy

Director, and is expected to remain in effect until a new permanent Director is appointed by NOAA. Commander Morrill has been the senior representative of the NOAA Center at the Mississippi Test Facility in Hancock County since establishment of NOAA in October, 1970. He resides in Waveland.

The origin of the present National Data Buoy Center is diffused over more than a decade of intensive effort by scientists, administrators, legislators and industrialists to mold a cohesive national program for marine resources, research, and engineering development.

The NDBC program now comprises a cohesive set of development efforts, embracing total system aspects of a spectrum of data buoy systems. By late 1972, the NDBC will be performing engineering, test and development with a network of data buoys, most of which will be deployed in the Gulf of Mexico.

In 1974-1975, the NDBC will be prepared to support large-scale research projects such as the Atlantic Tropical Experiment; implement and operate small networks in selected U.S. lakes and estuaries; and implement and operate small prototype data buoy systems in the deep oceans.

## Mayor Carver Criticized For Selling Car

Mayor Warren Carver was criticized at a city commission meeting Wednesday for selling a police car without any authorization from the council. Commissioner Andre Arceneaux asked Carver about the fact that Turan-Lane Chevrolet had purchased a 1969 Ford for \$250 from the city. "This would be much more palatable if you had brought it before the council or had handled it some other way," Arceneaux told Carver.

Mayor Carver admitted that the matter had been improperly handled but added that he found it necessary to rid the car of the repair bills had totaled over \$300 in the past few months. Before purchasing the car, an inspection was made by Turan-Lane and a price of \$250 was quoted in the form of a letter to the Mayor.

According to the Mississippi Code, "any vehicle, machine, or other article of personal property which is considered a contract, must be made by the commission council."

## Two Arrested On Marijuana Charges

Two Bay St. Louis men were arrested last Thursday night and charged with possession of 68 pounds of marijuana after they came to a wooded area near Hattiesburg where a cache of marijuana had been stashed out by authorities for more than eight days.

Police in Hattiesburg identified the pair as Ronald Curet, 23, and Thomas McAuley, 21. Police Lt. Bobby Robertson, head of the Hattiesburg police department's narcotics division, said that the retail value of the seized marijuana was about \$50,000. He said that workers who had been in the area near U.S. 49 north of Hattiesburg had found the marijuana in two 50-gallon galvanized trash cans and had notified police.

After arresting the two, the police went to a store in Hattiesburg where the men said they had been staying and arrested the store's owner, Travis Lee Sanders, after finding marijuana on the premises. Sanders was charged with possession of marijuana. An additional possession charge was brought against Curet and McAuley because they had been staying at the store.

## Commission To Purchase Locomotive For Spur

A request from the Hancock Port and Harbor Commission to purchase a locomotive for the railroad spur under construction at the industrial area was approved by the board of supervisors Monday.

Charles Hill, P&H director, submitted a resolution to the board requesting approval to send the 45-ton G. E. LOCOMOTIVE, now situated in

In related action, supervisors approved a resolution by the Port and Harbor to advertise for bids to purchase a metal building to house the Port and Harbor commission.

Bid specifications call for the building to be constructed in two sections, one 40 by 24 feet and the other 36 by 24 feet. The building can be new or used.

Benvenuti concurred with Kellar's interpretation. Kellar refused the resolution on the grounds that such an action would take control of the airport and related financial affairs away from the supervisors.

A decision was reached for the two board attorneys to record the resolution making it more acceptable to the supervisors.

Bids will be opened December 6 at 10 a.m. for the purchase of three new patrol cars for the sheriff's department. Matching funds for the purchase will come from the Law Enforcement Agency.

Applications from three persons for the position of secretary to the board were considered at Monday's meeting. Applicants for the job included Mrs. Joyce Garcia, Mrs. Belle Shaw and Mrs. John W. Sweeney. A motion to select Mrs. Garcia was made by Joseph Cuevas, seconded by J. C. Mauffray. Mrs. Garcia is to assume duties as secretary and receptionist for the supervisors immediately.

## Supervisors Veto New Liquor Store

Strong objections backed by signed petitions from a Baptist church group Monday killed an attempt by county supervisor J. C. Mauffray to open a package liquor store in the Kiln community.

Mauffray had requested rezoning from residential to commercial, of a piece of property in Kiln in order to open and operate a liquor store. The board of supervisors held a public hearing Monday at 10 a.m. to consider the rezoning request.

Rev. Everett Reconn, pastor of the Shiloh Memorial Baptist Church, and spokesman for the

group, appeared before the board to present two petitions of objection, signed by members of the community. The group's objections are based on the proximity of the proposed liquor store to the church.

According to Reconn, members of the community signing the petitions felt the liquor store was not only adverse to the principles of the Baptist Church, but would be detrimental to the youth of the church.

Under questioning by board attorney Joseph Benvenuti, Reconn said he had talked to Mauffray concerning the type of business he planned to operate on the property, and Mauffray was adamant about the liquor store.

One of the petitions, containing 39 names, was a church petition and the other was signed by 144 members of the county, all of whom had property or businesses in Kiln.

The board voted to accept the petition, then on request of the board attorney, went into executive session for a decision. When the board room was again opened to the public, Benvenuti read the following statement from supervisors:

"In view of the objections by these good church people to a zoning request and upon the advice of the board attorney, this board will not take action on the zoning request," thereby refusing Mauffray's appeal.

## Local Democrats Win In General Election

Although most local and state candidates were unopposed in Tuesday's general election, independent candidates filed for five posts in Hancock County. A Republican candidate was running for justice of the peace in beat three.

However, the Democratic nominees captured all the posts

Tuesday. Earl "Buck" Ladrer was elected state representative totaling 4368 against J.P. Compretta's 2284 vote. In the supervisors' race, in beat one, Jerry Ladrer, was the victor with 5681 while his opponent, H.G. Dean, Jr., received 1394.

Oscar Peterson is the newly-elected supervisor from beat

three, defeating Earl Ramond, 4932 to 1533.

Bea Georgi's attempt to win the justice of the peace post in beat two was stopped by Joe Dobson who received 904 votes to Mrs. Georgi's 280.

The only Republican in the local election Neville Jacob, was defeated for justice of the peace, beat three, by Roger Dale Ladrer. Ladrer's total was 1140 while Jacob received 303.

The largest group of independent candidates were running for justice of the peace, beat five, post two. The Democratic nominee, Donald Carr received 780 votes to defeat his four opponents Milton Bernard 68; Joseph Necaise 140; Mrs. Nellus Rhodes 318; and August Scalfidi 140.

Returns listed are unofficial and do not include box no. 1 from City Hall which contained only the votes for Evers with the votes for Waller and Brady missing because of a folded carbon paper. Hancock County circuit clerk Lamar Ous said that the votes would be certified Thursday by the election commission.

## Waveland Voters Grant Franchise

Waveland voters approved a new 25-year franchise to Mississippi Power Company in a special election Tuesday. The total vote was For-501; Against-74.

## Bayou Caddy Project Now In Second Phase

Bayou Caddy, located at the southwest end of the seawall in Hancock County, is now undergoing the second phase of a sponsored project designed to

PILING IS wrestled into position for driving as support for new wharf being constructed in connection with Bayou Caddy rehabilitation project. General Contractor is H. E. Wilson Contractor, Inc. of Long Beach. At immediate left is air compressor for air-hammer on front of derrick. (Hancock County Port and Harbor Commission photograph)

rehabilitate the facilities at that location.

The primary phase of the undertaking consisted of a joint effort with the Corps of Engineers to completely dredge the access channel to a depth of 12 feet and remove Hurricane Camille debris. This phase was completed late last summer.

H. E. Wilson Contractor, Inc., Long Beach, Miss., was low bidder at \$67,587.65, to construct commercial and public docks, boat launching ramp, harbor master's office, snack bar, restrooms, bulkheads and wharfs. Notice to proceed has been given by project engineer Fromherz Engineers of New Orleans. Construction time is 120 days.

The new docking and seafood offloading area is to be hard surfaced with the balance of the area to be finished with compacted shell.

Roasting of some 265 feet of 10 foot wide dock and 237 feet of four foot wide dock the new public facility will have its own water system and deep well. Also to be housed at the site will be a complete marine fueling and lubrication center.

Although final operating plans have not been made it is likely the whole operation will be leased out on bid, according to C. H. Hill, director, Hancock County Port and Harbor Commission.

## Mayor Carver... Man Of Action

On October 21, The Sea Coast Echo published on the front page a story entitled, "Carver Asked About Conflict of Interest." The story dealt with the fact that Mayor Carver, of which Mayor Warren Carver is a partner, was doing business with both the City of Bay St. Louis and Bay Operation Uptown.

To our knowledge, nothing has happened as a result of the story. This paper has received no response from Mayor Carver, "Monti-Carver nor Operation Uptown. We can only assume that NOTHING has been done about the situation.

However, since the story appeared two weeks ago, Mayor Carver has not been idle. He has sold a police car owned by the city without authorization from the city commission council and has directed city equipment to cut weeds on property owned by Our Lady of the Gulf Church, an organization that is not under the Mayor's authority and has a tax-exempt institution.

Our purpose is not to crucify Mayor Carver nor to judge his intentions. It is obvious, however, by his actions, that he is either not fully aware of the responsibilities of the office of the mayor or that he knows them but does what he wants regardless of any implications or consequences.

These problems cannot be allowed to continue. In a time when Bay St. Louis needs a forceful leader who is striving to make the city greater, it seems that we have a man who cannot handle the affairs demanded by the office he holds.

What can be done? This newspaper has presented the facts. The next move is up to the people.

## Letters to the editor

Dear Editor:  
I am writing you to express my appreciation for the editorial in last week's issue, entitled "Misleading Mayday Calls Can Be Dangerous."

The radio operator you referred to was acting under orders not to go in the jail alone at night, even to help a sick prisoner. Therefore, it was necessary for him to receive help before he could go in and get the prisoner and take him for medical help. I had just brought the prisoner here from Whitfield.

It is impossible for anyone to come from Pearlport to here in four minutes. I would also like to emphasize that I am always available at any time to serve the people in Hancock County, and I was available for comment following the incident.

Sincerely,  
W.A. "Fred" Curet  
Sheriff

Dear Editor:  
Halloween is over. It was fun for some but frightening again for the innocent little children who found pins and needles in so called "treats." Maybe it isn't the answer, but to assure parents (who didn't know us) and whose children knocked on our door, I took the time to wrap scotch tape around the candy's own wrappers with a return address sticker attached. The parent could, and I hope did, check it right then and there.

Unless someone comes up with a better idea, I wish next year the merchants would offer non-profit tiny bags and personalized labels such as the ones I hope to have printed reading:

Happy Halloween,  
THE FOOLSONS  
Mrs. Francis G. Foolson

## Receive County Fair Ribbons

Bay-Waveland Young Homemakers met last Wednesday night in the home of Mrs. Donald Baker with Mrs. Patrick Bunch, president, conducting the business session. It was announced that members received 49 ribbons for their entries in the recent county fair.

Plans for a flea market were discussed and the date and place will be announced later. Mrs. Jane Petrie and Mrs. Bunch were hostesses for the social hour. The next meeting will be November 17 in the home of Mrs. Darrell Favre.

## Local Government In Action

(ED. NOTE: This is the eighth in a series of articles by staff writer Adoree Shortle, explaining the various departments of the three local governments - Bay St. Louis, Waveland and Hancock County.)

### COMMISSIONER POST NO. 2, BAY ST. LOUIS

As commissioner of finance for the city of Bay St. Louis, Andre Arceneaux is responsible for all monies collected and spent by and for the city.

Therefore, according to the city code book he is collector of all fees for taxes, gas, water, animal pound and "All miscellaneous collections." He is also tax assessor and superintendent of cemeteries. Although the utility department provides and services gas, water and sewerage systems, the finance commissioner collects the fees from each.

By far the most important of Arceneaux's duties is that of tax collector, as the city's major source of income is ad valorem taxes. There are other possible sources for a municipality to develop, such as tourist trade or city owned and operated industries, none of which Bay St. Louis has at this time. So the city has to operate totally on its tax income, supplemented by available state and federal program financing.

It is all very well to set a budget based on a known tax income, but city administrators are forced to allow for uncollected taxes and utility fees each year which can amount to a sizeable sum.

### PROPERTY REASSESSMENT

Present property assessments are based on a 1967 reassessment program performed by MacWhorter & Assoc., of Weslaco, Tex., covering all land in the municipal separate school district. This includes Waveland, Bay St. Louis and most of the non-incorporated areas surrounding the two cities.

Arceneaux has, in addition, assessed every new building constructed since he took office in 1969 as well as a number of other structures.

There is considerable confusion in the minds of taxpayers as to the definition of property assessment, and in particular, how the city arrives at the assessment figures.

The system works in this way. MacWhorter gave the city assessment figures based on the fair market value of each parcel of land. The city tax figure is then set at 30 percent of that amount. Added to that is improvement tax, set at 25 percent of the market value.

### SYSTEM EXPLAINED

For instance, a parcel of land has a market value of \$2,000. The city tax assessment would be 30 percent, or \$600 that the property owner pays annually. Then, he builds a house on the lot worth \$10,000 sale price, so the assessment is set at 25 percent, or \$2,500. Therefore the property owner pays an annual combined assessment tax of \$3,100. Owner-occupants of real property can also claim

Johnson, Rector, Christ Episcopal Church, officiating. Interment was in Cedar Rest Cemetery. Pallbearers were Phillip Werlein, William Karl, John Legendre, Harry Roman, Bruce Ferguson and William Ogdan.

Mr. Ogdan was chief engineer of Southern Baptist Hospital, New Orleans, until his retirement in 1962.

A native of "Mincola," Chesterfield County, Virginia, Mr. Ogdan was the son of the late Frederick Oswald Ogdan of New Orleans and the former Alys Macgill Drewry of Virginia.

Survivors include his widow, the former Mary Edna Jackson; a brother, Frederick Oswald Ogdan, Jr., of Bay St. Louis, and two sisters, Mrs. E. Bruce Ferguson and Mrs. Ogdan Paredes of Chester, Va.

The money came from ad valorem taxes, local, county and state sources, and was disbursed in the following manner: \$35,150 for administrative expenses (salaries, etc.), \$22,235 for the police dept., \$40,000 went to sewer system bond retirement, \$31,234 for street maintenance, \$28,355 for health and sanitation, and a total of \$63,665 for public buildings and grounds, building inspections, street lighting and public safety and civil defense.

## Forestry Report

The forest fire season is almost here in Hancock County. Not only is the weather ideal for forest fires this time of year, but many people are using fire in their farming activities.

If proper precautions are taken, fire can be used with safety. Some of these precautions are: Have a wide area cleared around your fire. Let the fire burn back against the wind. Do not "burn if the wind is shifting, extremely high or the humidity is extremely low." Call Hancock firetower (255-7152) for advice on burning.

The tower dispatcher will have humidity and wind readings as well as a forecast for the next day. Use this service and plan your burn ahead of time. By proper planning and having the men and equipment on hand to handle your burn, it can be done safely.

### UREA FOR NITROGEN

Urea is an economical source of nitrogen for plant growth. But it does have limits. It is satisfactory on all except extremely high pH soils for use as a top-dress application on row crops and clean growing sod crops like winter cereals or temporary summer pastures.

For top-dressing permanent summer pastures urea would be satisfactory only when soil surfaces are dry and rain enough to leach the urea into the soil is expected within a few days.

Urea is usually not satisfactory in mid-winter as temperatures are usually so low that urea is converted to the nitrate form very slowly.

Urea is satisfactory as a source of nitrogen any time that it is put into the soil.

### ARTIFICIAL INSEMINATION

There are only three states in the nation that breed less than 20 percent of their dairy cows artificially. Mississippi is one of these, breeding only 15 percent artificially.

"In the United States 45 percent of all dairy cows are bred artificially. The average milk production for the nation is 9,400 pounds of milk. Mississippi's average production is 5,500 pounds per cow - a good example of the increase in milk production from artificially sired females.

Bulls going into A.I. studs are highly screened for both production and type. Bulls can be selected that have already proven their ability to increase milk and fat production in their offspring.

When you consider the cost of a bull, extra fencing, extra feeding and bull pens, A.I. is safer than natural service.

There is also less danger of spreading reproductive diseases through A.I.

### SOYBEAN SEED HARVEST

Take special care in harvesting your seed beans. Keep mechanical damage to a minimum. Adjust combine speeds and cylinder clearances. Take a little more time to avoid cracking the beans.

Keep weed problems to a minimum. It is a lot easier to harvest seed beans without weed seed than it is to remove the seed after harvest. If you have an area infested with heavy growths of weeds like morning glory, it might pay you to bypass this area when harvesting seed beans.

For weed fields to make combining easier, you might want to cultivate the weeds and then use a heavy desiccant like Alaron. Do not use this material on soybeans until at least 50 percent of the soybeans leaves have fallen from the plant and the remainder of the leaves have yellowed.

## The Role Of The Optometrist In Visual Development

By Walter C. Russo, O. D.

Last week we finished the visual development of the child up to the age of two. Continuing in the development of the eye, the million of light sensitive cells in the retina of the eyes and their connecting brain areas will not reach maximum sensitivity for nearly ten years.

Experience coming from all senses—seeing, touch, smell, taste, sight pour into the brain to be stored as memory. Seeing is truly more than the eye alone receiving a good image—it is being able to interpret or make sense out of the image that is transferred to the brain.

Thus to enhance this quality of seeing, the child should be exposed to as many opportunities for experience as possible so he can learn size, direction, shape, contour, distance, and color as quickly as his eyes are able. A child cannot be relied on to complain about his blurry vision. Eventually he will realize he doesn't see as clearly as those around him; he may be well along in school before this happens, because he thinks everyone sees his way; he has no standard of clear vision to judge by; the reason is his brain has not learned this difference from past experience.

Neither is a young child likely to complain about the usual symptoms of eyestrain and headaches. Youngsters simply avoid using their eyes if they hurt and become poor learners. However, as interest in learning develops and the pressure of school increases, complaints from faulty vision are more likely to occur and become significant. Since fatigue and discomfort from use of the eyes are related to the severity of the visual problem and to the intensity of eye usage, the farther the child goes in school, the more significant his visual complaints.

The following is some of the warning signs given by children with visual problems: headache, dizziness, blurred vision, seeing double, skipping or reversing words or letters when reading, itching or burning of the eyes, watering, granulation of the lids and styes. Most of these signs are common to all of the world's children.

What do we owe a child? The Declaration of the Rights of the Child states that "Mankind owes to the child the best it has." The right to develop physically, mentally, morally, socially and in a normal manner. UNICEF seeks to transform these rights into a living reality for all the world's children.

## Trumpets In The Morning

by Perry D. Neal, Pastor  
First Baptist Church, Bay St. Louis.

"I beseech you therefore, brethren, by the mercies of God, that ye present your bodies as a living sacrifice, holy, acceptable unto God, which is your reasonable service. And be not conformed to this world: but be ye transformed by the renewing of your mind, that ye may prove what is that good, and acceptable, and perfect, will of God." Romans 12:1-2.

We preach much about separation and consecration from this verse. But look at it again. What does it really say? The great apostle sets forth two key ways to know the will of God for your life: "that ye may prove what is that good, and acceptable, and perfect, will of God." The first factor is a holy, sacrificial body. At first glance, it may seem that the actual physical body of the believer is not involved, but it is. The Bible has much to say about the body. "The spiritual condition of a Christian is often closely related to his physical condition," Paul in the Bible says, "Your body is the temple of the Holy Spirit" (1 Corinthians 6:19) and "I keep under my body" (1 Corinthians 9:27), for the relationship of the body to the soul is inextricable. If you would sincerely know the will of God, first offer your body as a living sacrifice. Do all within your power to present your physical body the best possible specimen to God, keeping your body fit by eating properly, getting plenty of exercise and sleep, and avoiding tobacco and alcohol. Offering your body as a living sacrifice also includes the careful training of a keen mind, an alert brain, a well-guarded tongue, and concentrated eyes that hear and see only

## 1972 Summer Village To Be Held On Coast

The Mississippi Gulf Coast has been chosen as the site for the 1972 Children's International Summer Village in the United States. An organization established in 1951 by Dr. Doris Twitchell Allen, an American children's psychologist, C.I.S.V. strives to bring together—in summer camps or "villages"—children from all countries and to further in them the growth of an attitude favorable to peace. Every summer, a number of villages are held in different countries. The children are all 11 years old and they stay together for four weeks. According to the C.I.S.V. booklet, they experience, in a natural way, that

although they are different as to nationality, race, color, language, culture, political and religious background, they are all basically alike and able to share in a common social life that the difference parting them are less important than the likenesses binding them.

A village usually numbers children from 9 to 12 countries, four children from each country, two boys and two girls. Each delegation is accompanied by an adult leader who stays in the village all the time, takes an active part in the work and acts as a "parent" and interpreter for the children. The adult delegate should be at least 21 years old and master the official language of the village.

## Homemakers Plan Christmas Party

Clermont Harbor Extension Homemakers Club met Tuesday afternoon in the home of Mrs. Vivian Moffett with 11 members attending. Mrs. Frank Klein, Jr., and Mrs. Frank Peterson, new members, and Mrs. Viva Smith, a guest, were welcomed by the group. Mrs. C.F. Schwartz modeled a Kelly skirt and gave a demonstration on making one, while Mrs. Frank Corcoran modeled a plastic and crocheted hat.

A needlepoint door stop cover made by Mrs. Ruby Bennett and a lip stick wiper made of plastic dollies and tissue paper by Mrs. Maurice George were displayed.

Plans were made for a covered dish Christmas party Monday, December 6, in the home of Mrs. J.C. Goodloe.

The club voted to sponsor a Christmas party from 1 to 3:30 p.m., December 11, in Waveland Methodist Fellowship Hall for Waveland 4-H'ers. Mrs. George is adult counselor for the group.

The entrance prize was won by Mrs. Bertha Augustin.

## POLICE REPORTS

CL ASSIFIED ADS SELL

OYSTERS ON THE HALF SHELL AT MYRL'S End Of Blue Meadow Rd.

Bay St. Louis police received and responded to 56 calls during the period from October 26 through November 2. Chief of Police Robert Goodsell said that most of the calls were about minor occurrences. He did, however, commend the members of the force for their exceptional job in surveillance and patrol over the Halloween weekend. He also commended the young people of the community for their cooperation.

Saturday night, Hancock Sheriff's deputies, with the help of the Waveland Police Department arrested three males, one a juvenile, and charged them with petty larceny. Two were identified by police as Michael Dean and his brother, Eddy Dean. All three were from Gulfport.

The three were caught in Miller's Sealtest barn and were attempting to steal a car jack and various other tools. Hancock North Central was broken into for the second time last Thursday night and burglars made away with \$140, six class rings and other objects not yet identified. Police said that the burglar or burglars gained entrance by jimmying the lock on one of the doors to the school.

## Scout Leaders Will Address Association

Hoyt Hunt, Scout Executive, will head a team of top Boy Scout Leaders from the New Orleans Area Council who will offer a slide presentation of plans for the new 1,650-acre area camp site that has been purchased in Hancock County by the Boy Scouts.

The presentation will be offered at 8:15 p.m. at the Bay-Waveland Junior High School Auditorium on Thursday, November 11, under the auspices of the Waveland Civic Association.

Terry Feeney, president of

the Waveland Civic Association, said the association had decided to sponsor the meeting because of the extreme importance of the scout plans to parents, educators, civic leaders and of course to the young people of Hancock County.

The camp site will be operated by the Cypress district which includes Hancock County, Waveland, and 10 other Louisiana parishes. Work has already progressed to the point that the camp site will be operative by the summer of 1973.

Until this purchase was made this year, the only camp site available for the entire scout district was 110-acre area at Camp Salmen. It is not planned to close Camp Salmen when the new site in Hancock County is opened.

Hunt and the other executives will explain how several million dollars already have been spent in acquiring the site and providing various facilities which will make this one of the great recreational Scout sites in the entire south. While Camp Salmen could accommodate less than 3,000 in the summer the

new site will be able to accommodate as many as 30,000 scouts over the three-month period.

The November 11 date is the meeting of the civic association for November but President Feeney said that members will be asked to meet at the school auditorium a few minutes before the talk by the scout executives. It is not planned to take up any new business at the brief meeting so that the association can adjourn before the scout presentation is made. Members may bring their wives to the November meeting.

The word from the New Orleans Boy Scout Area Council is that the film presentation will be comparatively brief and then the group will be prepared to answer questions from the floor.

While special invitations have been sent to educators, civic leaders involved in the youth movement and city and county officials Feeney emphasized that the meeting is open to all interested parties. No admission will be charged.

**STATE OF MISSISSIPPI COUNTY OF HANCOCK NOTICE OF SUBSTITUTED TRUSTEE'S SALE**  
WHEREAS, on the 30th day of July, 1971, G. William Dyer executed a Deed of Trust to J. Ruble Griffin, Trustee, to secure an indebtedness therein mentioned to Hancock Bank, which said Deed of Trust is recorded in Book 155, Page 14, Records of Mortgages and Deeds of Trust on Land of Hancock County, Mississippi; and  
WHEREAS, J. Ruble Griffin has declined to act as trustee and the said Hancock Bank, the legal holder of said indebtedness, has substituted the undersigned Nicholas M. Haas as substituted trustee instead of J. Ruble Griffin, which substitution is duly recorded in Book 157, Page 45, of the aforesaid Mortgage Records; and  
WHEREAS, default having been made in the payment of said indebtedness and the said Hancock Bank, the legal holder of said indebtedness, having requested the undersigned substituted trustee to foreclose on said Deed of Trust for the purpose of paying said indebtedness and costs;  
NOW THEREFORE, I will, on the 18th day of November, 1971, within legal hours of office, sell at public auction, to the highest bidder, the following described real property located in Hancock County, Mississippi, and more particularly described as follows, to-wit: Lots 40 and 41, Square 122, SHORELINE PARK SUBDIVISION, UNIT NO. 7, ADJUTANT, NO. 3, Hancock County, Mississippi, as per the official plat of said subdivision on file in the office of the Clerk of the Hancock County, Mississippi. Being the property described in said Deed of Trust.  
I will convey only such title as is vested in me as Substituted Trustee.

## Before

THE ENTRANCE to OLG School was recently beautified by the addition of a rock garden. Mrs. L.H. Ott and her "Busy Bee" Junior Gardeners accomplished this as one of their club projects.

## After

The club chose this type of garden for year-round appearance and the limited care it will require.

REHEARSING THEIR PARTS IN "THE VELVET GLOVE," to be produced by the Little Theatre on November 18, 19, and 20, are "Monsieur" Matt Hunter, "Bishop" Guy Boule, and "Mother Superior" Frances Frankiewicz. The play is being directed by Laurie Kiefer Byrd and produced by Olive McKenna.

# Halloween At St. Clare's

Coronation of the Queen and King of Halloween highlighted last Thursday's Halloween Party at St. Clare's calendar of special activities, was sponsored by St. Clare's Home-School Association.

A pre-party candy sale provided students with an opportunity to support a school event and to compete for the titles of honor.

Melissa Shiyou, a first grader, sold 244 boxes of candy to win the Queen's crown, plus \$25.00 bond and a stuffed India Warrior. Her King, Kirk Ladner, a kindergarten, sold 21 boxes and won the same prize.

Five runners-up who received ID bracelets for their effort were Thomas Tankesly, Bridgette Bennett, Caro Bennett, Joseph Morreale and Earlene Garcia.

Stuffed Indian Warriors were given to the child selling the most candy in each class. They were Theresa Wilkinson, 6th; Robbie Asher, 7th; Dawn Garcia, 6th; John Chagnard, 6th; Louis Matranga, 4th; Ann Vogt, 3rd; Carol Bennett, 2nd; Thomas Tankesly, 1st; Melissa Shiyou, 1st B, and Kirk Ladner, kindergarten.

Other special features of the party were a costume contest in which Kathy Toomey dressed as a hobbit, Joseph Morreale as a devil, Shelton James as a midgit and Valerie Young as a Moss-covered Monster took top prizes.

Apple-bobbing, a space walk, spook house and snake walk were other party features.

## Hospital Auxiliary Hosts Style Show

Hancock General Hospital Women's Auxiliary held its annual style show and luncheon last Thursday in Virginia Hall of Christ Episcopal Church in conjunction with presentation of awards to hospital auxiliary members in recognition of volunteer service hours.

Mrs. Clarence Evans, Hospital Auxiliary president, mistress of ceremonies and show commentator, presented Mrs. Elda Duke with a pin and guard in recognition of 1000 hours volunteer service to the hospital.

Others receiving guards were Mrs. H.A. Sylvester and Mrs. Lucille P. Weeks for 500 hours of volunteer services.

Two hundred hour guards were presented to Mrs. H. Bennett, Mrs. C. Coe, Mrs. Claire Marx and Miss Alma

Parker. Mesdames Maurice George, M. Mooney, J.E. Schott, W.H. Richardson, W. Merlin, Fred Fisher and Ed Thomson were recipients of 100 hour pins and 50-hour certificates went to Mrs. G.T. Greenfield and Mrs. J.R. Lavoie.

Mrs. Leo Seal and Mrs. Lucille P. Weeks were recognized by Mrs. Evans as charter members still active in the auxiliary.

New fall fashions from the Sea Chest, owned and operated by Mrs. David Pindexter and Mrs. Archie Whitlow, were modeled by auxiliary members, a Candy Stripper, nurse and wives of local doctors, Mrs. A.S. Klempeter, a past president of the auxiliary, assisted with presentation of the style show.

Proceeds from the show went to Hancock General Hospital Auxiliary, sponsor of the style event, and from the luncheon to Episcopal Church Women's organization, co-sponsors of the luncheon. Mrs. B.D. Ashman, luncheon chairman, was assisted by Mrs. Terence Feeney and Mrs. Hilaire Ogden.

## Echoes

Mr. and Mrs. Wallace Colby are enjoying their recent retirement from their packing store. They took a two week trip to their home in Atlanta, Ga., a few weeks ago, and were accompanied by Miss Jeanette Monti.

Mr. and Mrs. Wallace Colby had as their weekend guests their grandson and his wife, Wallace Colby III and Mr. and Mrs. Lamar Nitcher, all of Atlanta. "Wally" and wife Carol attended the Ga. Tech-Tulane game. He is attending Ga. Tech. and is majoring in architectural engineering.

Lisa Monti, daughter of Mr. and Mrs. Lew Monti, a senior at the University of Southern Mississippi, has been named News Editor of the Student Print, school paper, for the coming year.

Miss Monti received a plaque in her junior year as the most promising journalism student in her class.

Mrs. Laurin Lacoste was the October 23rd weekend guest of her son and daughter-in-law Mr. and Mrs. E.J. Lacoste in Oxford, Miss. The occasion was the christening of her grandson, Kenneth Bernard Lacoste.

Sponsors were a paternal uncle and cousin, Bernard Lacoste of Wilmington, Delaware, and Mrs. Temple Evans of Baton Rouge, La. A paternal uncle, E.S. Cox of Piquette, Miss., stood as proxy for the godfather.

Kenneth wore the christening dress worn by his grandmother, Mrs. Lacoste, his godmother, Mrs. Evans, his father and brothers, E.J. IV and Robert Lash when they were baptized.

Mr. and Mrs. Danny De Gulre and daughter Laura of Mobile, Ala., were weekend guests of her parents Mr. and Mrs. Joseph-Marchoin and family.

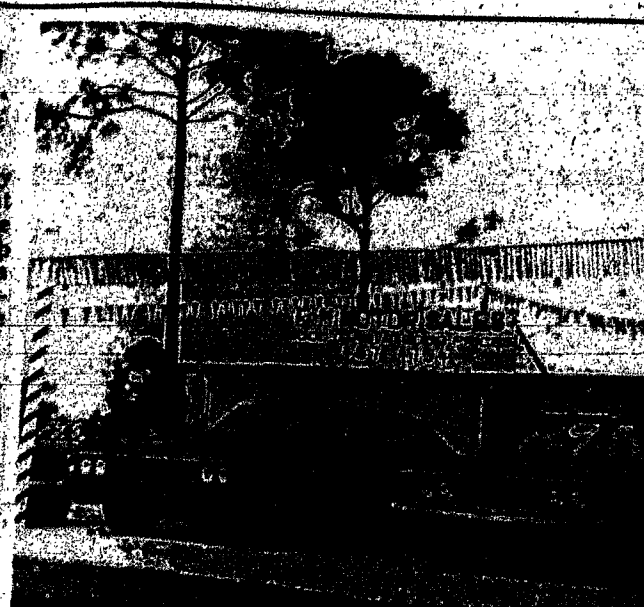

Mr. and Mrs. Leroy Wilkerson and children of Mississippi City visited Sunday with her parents Mr. and Mrs. Harold Favre.

Mr. and Mrs. Edmond Blatze, their son Gary and daughter Patricia spent the weekend in Mobile as guests of their son-in-law and daughter, Mr. and Mrs. Louis Naman and family.

Miss Odell Favre attended the National Congress of Religious Education in Miami, Fla., last week. She also visited with her brother and sister-in-law Mr. and Mrs. Gregory Favre and children Jeffrey and Monica in Palm Beach.

Mrs. Mae du Treil, who recently underwent eye surgery in Gulfport, is back home and reported doing nicely.

## Sodality Members Hold General Meeting

Sodality of Our Lady of St. Clare's Parish, Waveland, met last Tuesday afternoon in Costello Hall with Mrs. Marcus Eichhorn, prefect, conducting the business session.

A nominating committee for the election of new officers was appointed. Names to serve were Mesdames Henry Berry, John Rega, Geraldine Von Antz and Maurice Puchot.

Mrs. Puchot was appointed Sick Committee chairman to replace Mrs. Walter Allen who resigned. Assisting her will be Mesdames Daniel LeRoy, Otto Sulzer, and A.D. Diebold.

The Sodality's annual Christmas party was discussed and definite plans will be made at a later date. Mrs. William Faulkner, sewing chairman, announced sewing sessions for making Christmas articles to be sold by the Sodality will be held Tuesday, November 9, Wednesday, November 17, and Wednesday, November 24, at 1:30 p.m. at her home, 21 Waveland Avenue.

The meeting closed with the 23 members attending joining in the closing prayer. Following the session a Tupperware party was held with Mrs. Linda Von Antz as demonstrator.

Mrs. E.N. Canady received first prize for selling the largest amount of merchandise and Mrs. Adrien Chagnard won second place.

It was announced the Sodality will sponsor another Tupperware party at 1 p.m. Thursday, November 11, in Costello Hall with Mrs. Henry Berry as hostess and one at 1:30 p.m., Thursday, November 18, in Costello Hall with Mrs. Albert Grass as hostess. Proceeds from the parties will go to the Sodality.

All ladies in the Parish are invited to attend.

### Tigers Move Closer To Conference Title

The Bay High Tigers moved closer to capturing the Gulf Coast Conference Championship by defeating the Notre Dame Rebels 60-6 in a conference match last Friday night at Tiger Stadium. This win gives the Tigers an 8-1 season record and a 4-0 conference record.

The Tigers dominated the entire ballgame, scoring at least twice in every quarter and collecting a total of 496 yards. They allowed only one touchdown and held the Rebels to 143 yards.

The first of nine Tiger scores came after a 66-yard drive when Eric Lymuel ran 7 yards for the

touchdown. Piazza added the extra point. Later in the quarter, Mike Lymuel picked off a pass by Rebel quarterback, Randy Himmel, setting up a touchdown by Mike Peterson two plays later. A forty-yard Gary Blatze pass to Wes McFarland gave the Tigers their last score in the first quarter.

Willie Thomas recovered a fumble made by Notre Dame's Randy Himmel and returned it seven yards for a touchdown in the second quarter. With less than a minute left in the quarter, Gary Blatze added another second quarter touch-

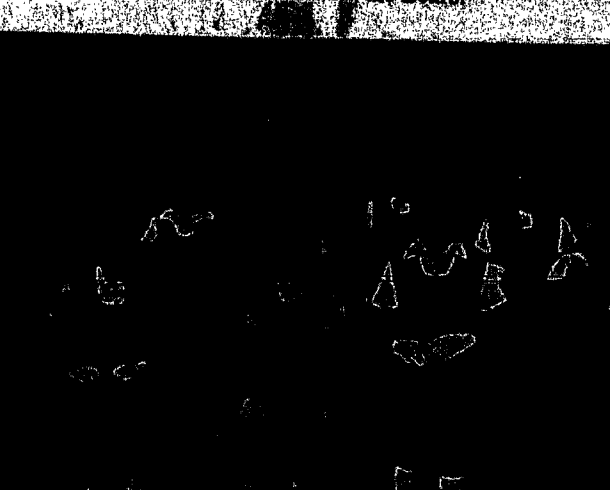

down by running two yards for the score. Gary Blatze passed to Mike Lymuel for the first touchdown in the third quarter. Later, Jack Arnold ran five yards for another third quarter touchdown. Fred Bilbo threw to Tommy Thornton for the two-point conversion.

With five minutes remaining in the fourth quarter, Fred Bilbo passed to Irvin Hawkins on a 40-yard pass play that ended with still another Tiger score. Bilbo went on to score the final Tiger touchdown of the evening with a five yard run after a 40-yard drive.

The lone Rebel score of the game came on a fifty yard pass play from Randy Himmel to Tommy Lyons with 11:27 remaining in the 4th quarter.

This conference win leaves the Tigers undefeated in Gulf Coast Conference play. The Tigers travel to Ocean Springs this Friday night to decide the winner of the Gulf Coast Conference. A win or a tie will give the Tigers the title. However, if they should lose to the Greyhounds, a three way tie would be the result as both Ocean Springs and Harrison Central each have one Conference loss while Bay High has none.

ST. PAUL'S Rebel coach, Gary Logan defeated the OLG BEARS under Coach [unclear] by a score of 13-0 at SSC Stadium Saturday afternoon. The Rebels scored in the first quarter on a pass by [unclear] and Paul Price ran for the extra point. Price also scored in the fourth quarter on a 1 yd. run. Pictured above are [unclear] and Greg Hammer and Bill Kergosien, defensive stars for the Bears.

FLAG CORPS from our Bay of the Gulf include, first row from left to right, Christine Goss, Monica Parker, and Sherry Scaffie; second row, Beth Ann Wilkerson, Donna Scaffie, Claudette Green (leader); and Mary Beth Goss. The girls, under the direction of Mrs. Edgar Sparty perform during halftime at the O.L.G. football games.

### PRC Wildcats Now In Top Ten

The Pearl River Junior College Wildcats, ranked 7th nationally, will face the Jones Bobcats Saturday night in Ellisville. Pearl River and Jones suffered their only loss in the South Division at the hands of Gulf Coast. Perk defeated

PRC 37-21 and Jones 27-8. Pearl River moved into the nation's top ten last week by defeating the 11th ranked East Central Warriors. The Warriors are also No. 1 in the Mississippi College North Division. The Cats are 7 and 1 for the season.

### Raiders Rip Off Third Victory

The Red Raiders, Coast Episcopal Junior High team played Westminster Academy Crusaders of Gulfport in Bay High Stadium Wednesday, October 27. It was an unevenly matched game, with the Raiders winning 30-0 by the third quarter. Then the Raiders put in the 6th graders, better known as the "White" team. Scoring by Westminster on the White team was mainly the result of the substitutes' inexperience. The Raiders blocked two punts and recovered two fumbles.

The Raiders' scoring was done by Maury Wingo who racked up three touchdowns and two two point conversions. One of the high points of the game was when Jamie Hams connected with Jimmy Wells for a 25 yard 16 touchdown pass. For Westminster, George Hopkins made 16 points while Rod Clement made 8. The Raiders will play St. Stanislaus Tiny Rocks next week.

1972: Now there's only one.  
**PLYMOUTH Valiant.**

In 1960, Chrysler, Ford and GM entered the compact field. Many Americans wanted smaller cars. For their low price, economy, ease of driving and parking. For several years, Corvair, Falcon and Valiant met these needs and did quite nicely, thank you.

**Survival of the fittest.**  
Over the years, however, something happened. Buyers became disenchanted. Corvair eventually closed up shop in the late '60's. Falcon soon followed suit. One car didn't. Of the three, it's the only one left. Plymouth Valiant.

We think that says a lot about the kind of cars we sell.

**Trial and not much error.**  
Today's Valiant still has the values that make a good car a great car: torsion-bar suspension, 3-speed TorqueFlite automatic transmission as an option, unitbody construction, and every Valiant is treated by a

7-step dip-and-spray anti-rust process. The point is: when we found a good thing, we stayed with it. And where possible, we improved it.

**Along came Duster.**  
In 1968, we came up with a two-door version of the Valiant, called the Duster. Paced by Duster, Valiant has

become one of America's hottest selling economy cars and a leader in its class in resale value.

**There's a lot that's Valiant in all our cars.**  
For example, 9 out of 10 new Chryslers registered in the last 10 years are still on the road. It simply proves what most people already know. When it comes to building a car right, Chrysler-Plymouth lives up to its reputation for great engineering.

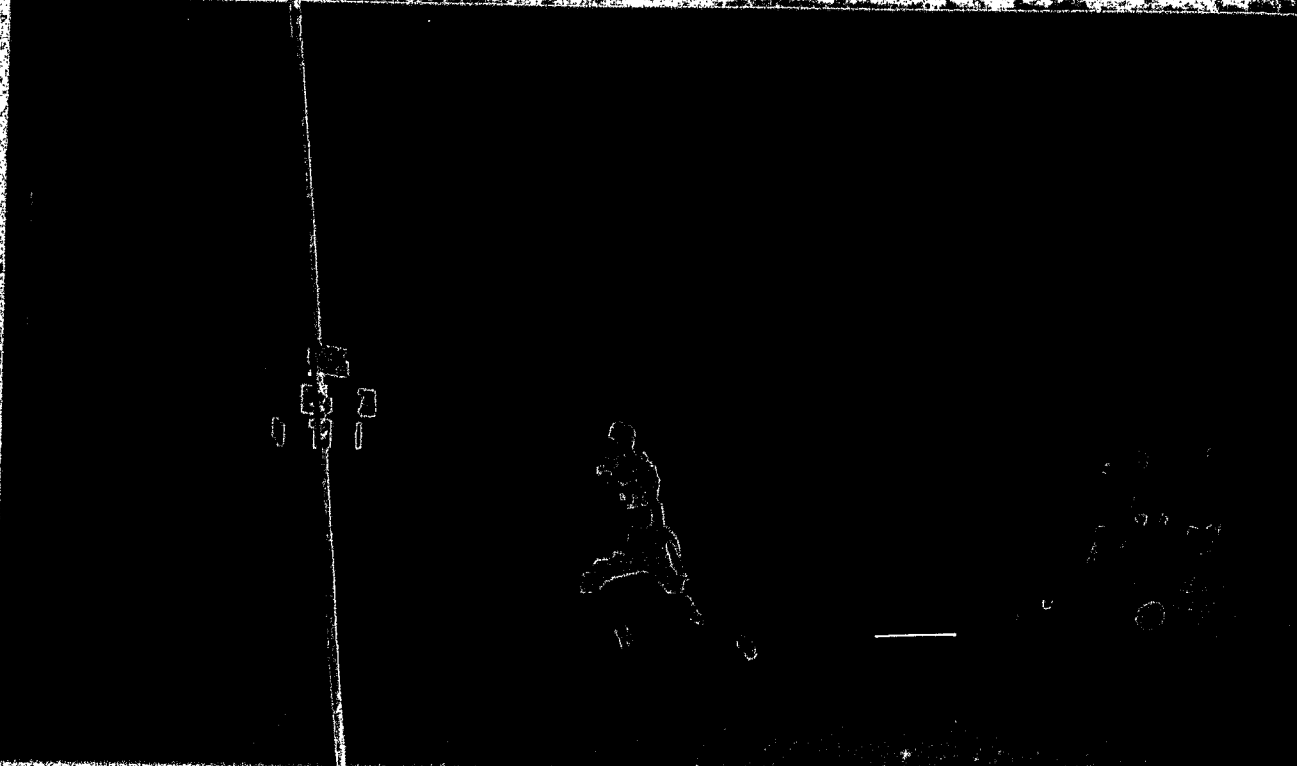

We think this is the kind of car America wants—a car built to last. For the kind of car you want, see us. We're determined to be the kind of dealer you want, too.

**Free Automatic Transmission**  
Special Offer! Buy a Valiant the way you'd want it—equipped—with power steering, radio, white sidewalls, deluxe wheel covers and other specified options—and we'll throw in the automatic transmission at no extra charge.

**Coming through with the kind of car America wants.**

## Hawks Stomp Blue Devils

The Hancock North Central Hawks traveled to Carriere last Friday night to defeat the Pearl River Central Blue Devils, 54-14 for the Hawks' third win of the season.

The Blue Devils were the first to score when Ben Robertson took the opening kickoff and ran 75 yards for the touchdown.

The Hawks came back later in the first quarter when Hawk quarterback, Mitchell Hayward completed the first of his five touchdown passes to Kenny Seals. A Blue Devil fumble on the Hancock 40 set up the next score with a 65-yard Hayward to Seals pass play. Another Hayward to Seals combination gave the Hawks their third touchdown in the opening of the third quarter. Bruce Staten

added the extra points, making the score 20-0.

Hayward scored on a quarterback sneak after the Hawks picked off a Blue Devil pass, setting up the score. Randy Laddner made the successful two point conversion. Another Blue Devil error gave the Hawks their next touchdown when Ricky Randall recovered a fumble on the ensuing kick and ran it in for the score from the eight. Tommy Joe McArthur ran for the two point conversion. Ricky Randall passed to O'Neill Cuevas for the Hawks' fifth touchdown.

The Blue Devils made their final touchdown late in the third quarter on an eight yard sweep. A successful two point conversion made the score 42-12. Hayward's last touchdown pass of the evening went to Ernest Koye on a 32-yard pass play.

## One nice advantage of a Lovin' Phone Call is you don't have to lick the stamp.

Dialing a long distance Lovin' Phone Call direct is faster and easier than writing a letter—plus there's no bitter aftertaste. And even if you've forgotten the number of that certain someone, no problem.

Just dial "1", then the area code (if different from your own), then 555-1212. That connects you with the Directory Assistance Operator in the city you're calling. Just tell her who you'd like to talk with, and she'll give you the number in a jiffy.

And remember, rates are low every night and all weekend long. So why not address yourself to a Lovin' Phone Call tonight? What else that costs so little puts you in touch so fast?

## Bearcats Shutout Rock-A-Chaws

The Long Beach Bearcats shutout the St. Stanislaus Rock-A-Chaws 14-0 at Rock-A-Chaw Stadium last Thursday night in the Rock-A-Chaws last home game.	23	Pass Att.	7
The two Long Beach scores came in the first and last quarters. The first score was a 75 yard run by August Woods after the Bearcats first ball possession. James Brown made the other score in the fourth quarter with a 63 yard run. Both extra points were good, giving the Bearcats 14 points.	6	Pass Comp.	4
The Rocks threatened to score several times but were never able to cross the goal line. Their deepest drive penetrated the Long Beach ten yard line only to bog down without a score.	2	Pass Int.	2

## KANTCHA KETCHUM

By L.S. (Dee) Elliott

Nothing wrong with the weather for the past week, the tides were wrong. Didn't know which way to go. Tide a few hours, fall the next couple of hours. The high front which came in Sunday, was a deciding factor. The winds were from the north which is good for both salt and fresh water fishing. When there is an East wind, you can stay home.

A north wind causes the tide to go out, which is good for fresh water fishing. We think a rising tide is good for salt water fishing. It has been proved the past week when those fishing

from the highway bridge caught white trout, flounders, channel mullets, sheepshead, etc. Some speckles were caught but they were mostly pan size. The large speckles haven't come in yet. Shrimp have been caught under the highway bridge, that is the reason why salt water fish were there.

Fresh water fish were striking most everywhere last week but slowed down over the weekend. Probably too many high tides. They were gotten mostly by trolling with under water baits, Repalas and Rebel.

plugs, but they are hitting popping baits on the surface as long as there is hot weather.

Alden Mauffray, Ray Garner and Yours Truly caught the limit of bass and perch last Wednesday.

Honnie Favre, Larry Favre and Floyd Holland caught 48 flounders one night last week in 14 hours. They were spearing them. They caught speckle trout in the afternoon.

Leroy Strong is visiting his mother Mrs. C.M. Strong and his brother Ernest Strong. Ernest and Leroy got 150 fish the first two days they went fishing. Leroy will be here two weeks and is going strong with speckles and what have you. He has been with the Telephone Co. for 33 years and lives in Columbus, Miss. He is originally from Bay St. Louis.

Mr. and Mrs. Donald P. Gensher of New Orleans did themselves good when they caught a mess of various salt water fish. They brought their boat over. With them were their children, Bryan and Donnie. They are the daughter and son-in-law of Mr. and Mrs. Holden Barre of Waveland. They have gone to Port Walton, Fla., to do some deep sea fishing.

The second segment of the dove season opens on November 20th. Should be better hunting when the weather is colder. Heard reports that there are more doves hereabout than during the first part of the split season.

For some reason or other shrimp have been caught under the Hi-way bridge, not along the seawall. Might be the reason for fish being caught off the Hi-way bridge. Al Mercier said he

caught six flounders Saturday and had some big fish that he couldn't hold. Hope they stay around a while.

Was a pleasure talking to Teddy (Shookum) Morel the other day. He is still active but doesn't do much fishing any more. Still like to talk about it. Teddy was one of our oldest and best commercial fishermen, oysterers and shrimp. He stays around Ladner's Seafood Market.

Trick or treat was the order of the day Sunday night. It was Halloween, a great tradition for

the kids. Remembering gates, marking the house, and other mischievous things were not all one could hear was "Trick or treat" by young happy voices. Answering the door bell wasn't a task. It was a pleasure.

Had an invitation to attend the wedding of Kathy Lynn Andrews and Lt. Stephen

#### NOTICE OF SPECIAL ELECTION OF ELECTRIC FRANCHISE CITY OF BAY ST. LOUIS, MISSISSIPPI

Notice is hereby given to the qualified electors of the City of Bay St. Louis, Mississippi, that a special election shall be held in the City of Bay St. Louis, on Tuesday, the 18th day of November, 1971, on the following proposition:

**PROPOSITION:**  
Do you approve or disapprove of the action of the Commission Council of the City of Bay St. Louis, Mississippi, in adopting an ordinance entitled, "AN ORDINANCE GRANTING AN ELECTRIC FRANCHISE TO MISSISSIPPI POWER COMPANY, ITS SUCCESSORS AND ASSIGNS, IN THE CITY OF BAY ST. LOUIS, MISSISSIPPI," whereby an electric franchise was granted to Mississippi Power Company, its successors and assigns, as per the terms of said ordinance which was adopted by the Commission Council on the 4th day of October, 1971.

Said election will be held at the usual voting places in all precincts of the City of Bay St. Louis, Mississippi.

Said polling places will be open from the hour of seven o'clock A.M. until the hour of six o'clock P.M. on said day. All qualified electors may vote at said election.

Said special election will be held pursuant to a Resolution of the Commission Council, adopted on the 18th day of October, 1971, calling a special election for the approval or disapproval of a majority of the qualified electors of the City of Bay St. Louis, Mississippi, of the action of the Commission Council in adopting an ordinance entitled, "AN ORDINANCE GRANTING AN ELECTRIC FRANCHISE TO MISSISSIPPI POWER COMPANY, ITS SUCCESSORS AND ASSIGNS, IN THE CITY OF BAY ST. LOUIS, MISSISSIPPI."

A copy of said ordinance is set forth below in full, and is also made a part hereof by reference.

Done by order of the commission Council of the City of Bay St. Louis, Mississippi, this 18th day of October, A.D. 1971.

Wm. M. Frisbie, Clerk of the City of Bay St. Louis, Mississippi.

Signs of duck hunting are showing up all around even though a little while off. Hunters are cutting marsh grass to make blinds and spots are hidden in the grass but come out on the banks to feed. They are excellent for food and easy to shoot.

The difference between a Gallinule and a coot (Poule d'eau) is that gallinules have a bright red bill while coots have a white bill. Coos are also called mud hens.

being selected for those expected hunts. Have noted ducks and geese in flight, passing by going to the marshes. There are snipe, woodcock and marsh hens everywhere waiting to be killed.

Any hunter who has killed waterfowl knows the thrill of getting up before daylight, getting into a blind, sitting and waiting for the birds to come in. It's a thrill hard to explain. Don't forget to have that hunting license and duck stamp. It does make it nice to be prepared.

Did you know that rails are often called marsh hens. They are a chicken-like bird with short tails and strong long legs. There are some 120 species, only 10 occur in North America and only seven are considered gamebirds. Rails are found mostly along the banks of bayous and marshes. They are hard to see as they remain

## U.S.M. Plans Homecoming

The University of Southern Mississippi will hold its 1971 Homecoming the weekend of Nov. 5-6, with the main focus of events scheduled Nov. 6 when the Southerners meet Virginia Military Institute on the gridiron.

Ken Shearer of Jackson, president of the USM Alumni Assn., and Powerll Ogletree, executive secretary, said the theme for the Homecoming will

be "Staking Our Claim in Big Gold Country."

Two innovations are scheduled for the Homecoming, according to Shearer and Ogletree.

For the first time there will be a separate business meeting, to begin at 10:40 a.m. Nov. 6 in the main auditorium. Officers for the general association will be elected, and the University Singers will perform.

Another "first" will be an alumni dinner-dance, 7 p.m. Saturday, Nov. 6 to be held at the University Commons.

Charges will be \$7 a couple or \$4 an individual, with a steak dinner furnished. Reservations must be made with the alumni office by Nov. 1.

Friday, Nov. 5, registration will be held at 10 a.m. for the annual alumni golf tournament.

The student parade will be held in Hattiesburg, starting 3:45 p.m. The USM Foundation Meeting will be held at 7 p.m. in the University Commons, while at 8 p.m. a performance of "A Funny Thing Happened on the Way to the Forum" will be staged in the main auditorium.

## TO THE RESIDENTS OF BAY ST. LOUIS:

Your city officials have adopted an ordinance to grant a new electric franchise to Mississippi Power Company. This ordinance now must be approved by a majority of those qualified voters of the city voting in a city-wide election. The franchise election will be held on Tuesday, November 16

There are many reasons why this electric franchise benefits you and your community, and the following questions and answers may be helpful in understanding more about the franchise and what it means.

## Questions and Answers About an Electric Franchise

### What is a franchise?

A franchise is an agreement with the municipality under which the Mississippi Power Company conducts its operations within the corporate limits and which provides for the use of streets and alleys for its equipment and facilities.

### Does Mississippi Power Company now have a franchise?

Yes. The Company has franchises in each of the municipalities in which it operates. Most of these franchises will expire shortly. In addition, the Company operates under a statewide franchise and under the jurisdiction of the Mississippi Public Service Commission.

### Why is the Company asking for a new franchise?

Mississippi Power Company's property is located throughout the area in which it operates. An extensive electrical system has been built in each of the cities which it serves. This property is continuously being expanded and improved. A franchise simply permits the Company to make long-range plans with confidence and to commit large sums of money for new construction and equipment, knowing it has the support of the municipal officials and citizens.

Mississippi Power Company has begun a tremendous construction program to adequately provide for the growing electric power needs of this area. In fact, during the next five years, the Company will double its present investment of \$285 million. Most of this money will come from investors outside of Mississippi who must have confidence in the future of the Company. These investors will attach significance to the fact that the Company has franchises from each municipality in which it operates.

Our employees, who are available to serve you 24 hours a day, will be strengthened in their strong devotion to public service knowing they have a vote of confidence from their fellow citizens and neighbors.

### Would the franchise be exclusive?

No. Under the law, the City does not have the right to grant an exclusive franchise to a utility.

### Is there any major difference between the present franchise and the new one presently requested by the Company?

1. The proposed new franchise provides for a payment based on three percent of gross revenues from all retail electric power sold within the municipality. The existing franchise payment is calculated on the basis of two percent.

2. The existing franchises were issued prior to the adoption of the 1956 Public Utilities Act and therefore make no reference to the Act. The new franchise recognizes the requirements of the Mississippi Public Utilities Act.

### What are the benefits to the community?

A vote of confidence for existing industry will reflect the favorable attitude of the community for private investment and will enhance the community's bid for future industrial growth.

Mississippi Power Company's annual franchise payment is calculated on the basis of the amount of electricity sold within the community. As our sales of electricity increase in the community, the franchise payment your community receives also increases. The Company must have a municipal franchise to legally make payments in the amount proposed.

### What would happen if the franchise was not granted at this time?

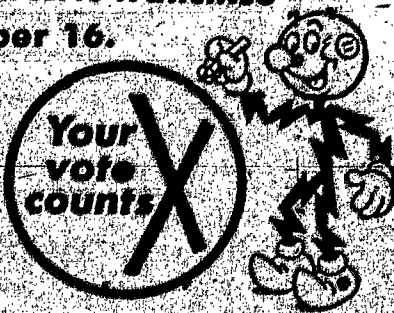

The Company would continue to provide customers in the area with the best possible electric service. However, upon the expiration of the present municipal franchise, the Company would have no option but to lower its franchise payments to that required by the 1956 Public Utilities Act, which is two percent of sales of electricity for residential and commercial purposes only. Our present payments would therefore be reduced substantially, and a valuable source of revenue to the community would be lost. The Company would continue to serve you under its statewide franchise and under the jurisdiction of the state Public Service Commission.

### What is the term of the new franchise?

Twenty-five years. This is the same as the existing franchise.

We urge you to go to the polls  
and vote FOR the electric franchise  
on Tuesday, November 16.

## Junior Tigers Look For Championship

Thursday night at Tiger Stadium, Coach Billy Rhodes' Bay Jr. High football team will entertain the Ocean Springs Junior High team. The winner of the game will also be the winner of the Gulf Coast Conference title. The game is scheduled to begin at 7:30.

The young Tigers are led on offense by running backs David Grace and Edward Jones who combined have rushed for over 1,300 yards and scored 15 touch-

downs in only seven games. Directing the ground game and doing the pin-point passing will be quarterback Mike Magee.

Leading the Tigers defensively are linemen Mike Schwartz, Tim Favre, M.J. Favre, Louis Hayes, Jay Poolson, Tommy Finch, and Vernon Powell. These people last week held the Notre Dame team to a minus 19 yards total offense. They will be attempting to do the same this week.

## Amayllis Information Given

Hostess Mmes. Henry Kohnmann and H.C. Baxter carried out a Halloween theme at the Lakeshore Garden Club's October 21st meeting held at Six-Acres Restaurant.

Mr. O.J. Robert, Sr., of Clermont Harbor sent club members written instructions for the planting and care of bulbous amayllis plants. His garden on Forest St. in Clermont Harbor boasts many varieties and well worth viewing in the midsummer blooming period. The fine quality of this specimens brings him many awards whenever entered in shows.

The garden plaque committee announced the Mrs. J.E. Servat was the recipient for October. Members winning points for their entries at the meeting were Mmes. Frank J. Corcoran, H.W. Duke, Lloyd Garcia, J.G. Goodloe, H.L. Moffett and K.S. Rheams. Mrs. John Everard won the door prize.

Members were again urged to support the "Older American Areawide Model Program" when its office officially opens November 1st in the Valencia Jones Bldg. on the Old Spanish Trail, Bay St. Louis. Six-Acres Restaurant will again be the scene of the Club's November 18th meeting to which members will bring Thanksgiving and Christmas arrangements, and the Mississippi Power Company's Home Service Dept. will present "Holiday Programs."

DAVID GRACE, 30, for Bay Jr. High on one of his many long touchdown runs. Grace has gained over 700 yards for the baby Tigers in only seven games. This Thursday night, Grace will carry his "long run" talents into the game at Tiger Stadium against Ocean Springs for the Gulf Coast Junior High Championship. Game time is 7:30 p.m.

### RUMMAGE SALE

On Saturday, all those who attend the annual rummage sale sponsored by the ladies of St. Monica Guild of Trinity Episcopal Church in Pass Christian will have an opportunity to preview the new structure prior to its consecration.

The sale will be held in the parish house between the hours of 9 a.m. and 5 p.m. and will include furniture, bric-a-brac, articles of clothing, household furnishings (linens, curtains, bedspreads, etc.), dishes, odds and ends and all other material available at very low prices.

For many years the rummage sale has been included in the Trinity Episcopal fund raising activities.

### RETIRED PERSONS

The Gulf Coast Chapter of the American Association of Retired Persons will meet in the Gulfport auditorium of the Mississippi Power Company Monday, November 8 at 9:30 a.m. The power company will serve coffee to the early arrivals. The Better Business Bureau of Gulfport will present a program of great interest to all retired persons and all are urged to be present. All persons fifty five or older are invited.

## Gigi Staehle Wins Fall Sunfish Regatta

Forty-three skippers participated in the Fall Sunfish Regatta held at Bay-Waveland Yacht Club this past weekend. The climax of the Regatta came on Sunday afternoon, when the first and second place winners of the four junior classes vied with each other in a three-race series to determine the Regatta Champion. Demonstrating an unerring ability to beat to

windward through the choppy Bay, Gigi Staehle won the championship with two straight wins and a sixth place finish in the series. Ably assisted by crewman Dennis Stieffel, who is eight, Gigi thrilled the viewers from ashore with come-from-behind victories. Dee Coffer and Elizabeth Chapman finished second and third respectively in the series.

The class championships were marked by vigorous competition, with much boat contact as the skippers tried to maneuver their Sunfish over the crowded course with brisk winds. Woody Stieffel won the adult class competition, followed by Pete Morrill and Bill Merlin. Woody led all skippers in the class races with two wins and a second place finish. Class two was won by Chris Stieffel, followed by Elizabeth Chapman and Cindy Stieffel. Dee Coffer won class three easily with two seconds and a first. Chip Merlin and Rod Stieffel took second and third place respectively. Tracey Stieffel won class four, followed by Mary Alice Merlin and Kathy Cox. In the class for the youngest skippers, class-five, Emily Merlin took the number one position, followed by Gigi Stieffel and Elizabeth Santa Cruz.

Trophies will be given to the winning skippers and crews at an Awards Supper, which will be held at Bay-Waveland Yacht Club on Saturday, November 6, starting at 7:00 p.m. Hamburgers will be broiled at the Club, with the rest of the menu carried in by each family. For details and reservations, call Georgia Williams 7-5380 or Vicki Staehle 7-7651.

### Homemakers Welcome New Member

The Waveland Extension Homemakers Club welcomed its new member, Mrs. Charles Shambley, at the October 19th meeting held at 229 Marcus St. with Mrs. J.E. Servat as hostess.

From 32 entries at the Hancock County Fair, Mrs. Henry Stiller again did herself proud by winning a total of 31 ribbons, 10 blues - 9 reds - 12 whites, and Mrs. Edward LeVasseur won a blue ribbon for her crocheted afghan and 2 reds on jelly entries.

Mrs. J.E. Daly gave a report on "Cost of Convenience Foods" and this subject was discussed at quite some length.

The club's monthly donation of a birthday cake to the Bay St. Louis home for the aged will be furnished by Mrs. George Baul for October.

Next month's meeting will be held at 448 Ulman Ave. with Mrs. E.V. Alme as hostess on November 18.

## News Briefs

### HOME OPENING

Commander Albert D. Biehl Jr. of Veterans of Foreign Wars Post 3253 wishes to announce that the post home on Third Street will be opened from 8 to 9 p.m. on Thursday, Friday and Saturday starting Nov. 4. Members and their guests are urged to support the post home.

### GARDEN MEETING

Mrs. Owen Palmer will be guest speaker at Bay-Waveland Garden Club's meeting at 2 p.m. November 11 at the Garden Center. She will use as her subject "Landscaping on the Coast."

Mrs. Augustus Elmer will conduct a Horticulture study with aquatic plants as her topic. Members may bring horticulture specimens for exhibition and classification.
